IntelliSkin® Next Gen

The IntelliSkin® with GDS® Tech™ system is designed to protect both the device, and the device port by converting the connection point to ruggedized pogo pad contacts. No more plugging and unplugging, dirt, damage or debris interrupting your device's connection.

Ergonomic Access

For GDS® Uni-Conn™ Adapter or Hand Strap Accessories

Positioning Marker

For a seamless docking experience

Pogo Pin Connection

Unlock the GDS® Ecosystem™ with a large collection of docks built with an integrated Distinctive D Shape™ pogo pin connector for a hassle-free user experience that helps increase efficiency.

Port Protection

IntelliSkin® is the only case system on the market that protects the device port and converts that connection point to ruggedized pogo pads for charging and data transfer.

Why Go Custom?

- ✓ Designate colored IntelliSkin®-wrapped devices that correspond with various teams, locations, or applications
- ✓ Enhanced visibility of devices can help with loss prevention and reduce the risk of accidents
- ✓ Reinforce brand identity

IntelliSkin® Thin-Case™

Introducing a new style of IntelliSkin®, the IntelliSkin® Thin-Case™. This sleek, low-profile design fully encloses your device, keeping it safe from daily wear and tear. The IntelliSkin® Thin-Case™ is easy to sanitize, making it an ideal solution for retail industries. Available in two variants for the two different mounting ecosystems—the standard D-shaped connection and the new rear pogo connection.

Rear Pogo Pin Connection

Rear pogo pads enable the GDS® Uni-Conn™ Powered platform, a collection of universal docks that eliminate the hassle of costly device upgrades.

Ultra Slim Design

A low-profile solution that maintains durability in a variety of environments.

Accessory Connection Points

For seamless compatibility with GDS® Ergo™ Accessories.

Polycarbonate Shell

Prevents flex at the connection point between case and device.

D Shape™ Pogo Pin Connection

Unlock the GDS® Ecosystem™ with a large collection of docks built with an integrated Distictive D Shape™ pogo pin connector for a hassle-free user experience that helps increase efficiency.

2-Piece Enclosure

Features two piece enclosure ensuring a reliable and protected connection, providing a seamless fit between case and device.

Two Types of Available Connections

Make the IntelliSkin® Thin-Case™ an adaptable solution for a variety of environments

Rear Pogo Pads

Best for businesses only in need of kiosk or wall-mounted docks.

Patented and Pats. Pend. rammount.com/ip

Bottom Pogo Pads

Ideal for businesses who have already deployed the GDS® Ecosystem™.

INTELLISKIN® & GDS® TECH™

GDS® Tab-Conn™

GDS® Tab-Conn™ allows you to add the best features from IntelliSkin® to third-party cases or bare tablets. Protect your tablet's USB port and unlock the GDS® Ecosystem™ without getting rid of your existing case with this easy upgrade—further reducing your overall device refresh costs.

Rear Pogo Pads

For GDS® Uni-Conn™ Powered docks

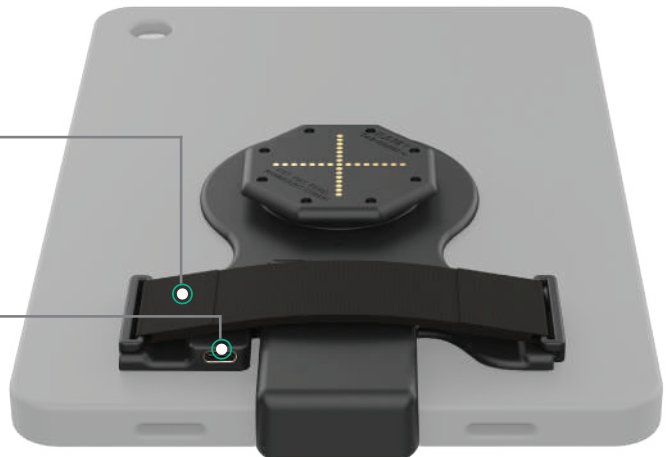

Bottom Pogo Pads

For both GDS® Uni-Conn™ and Powered docks

FEATURED SOLUTIONS

GDS® Uni-Conn™ Kiosk Dock New

The GDS® Uni-Conn™ Kiosk Dock is a free-standing, powered dock for Samsung tablets enclosed in an IntelliSkin® Thin-Case™ with Rear Pogo Pads. Easily dock and undock your device with the assistance of the magnetic or snap-in attachment mechanism. Power is provided to the pogo pins integrated into the GDS® Uni-Conn™ adapter. This dock features a weighted base and rubber pads that provide theft deterrence and prevent it from sliding around on surfaces.

Compatible IntelliSkin®
Rear Pogo Pads

USB-C and PoE

FEATURED SOLUTIONS

GDS® Uni-Conn™ Tilt & Swivel Dock New

Compatible IntelliSkin®
Rear & Bottom Pogo Pads

The GDS® Uni-Conn™ Tilt & Swivel Dock is a free-standing, powered dock for Samsung tablets enclosed in an IntelliSkin® Next Gen or IntelliSkin® Thin-Case™. This solution can swivel 180-degrees and allows devices to tilt 180-degrees, which is ideal for customer-centric industries like retail. Power is provided to the pogo pins integrated into the GDS® Uni-Conn™ dock. This dock features a weighted base and rubber pads that prevent it from sliding around on surfaces while the optional key lock provides theft deterrence in high-traffic areas.

FEATURED SOLUTIONS

Wall Docks & Mass Charging

Maintain a highly versatile time clock solution with GDS® Uni-Conn™. The rear pogo pads on the IntelliSkin® Thin-Case™ make sanitization easy while keeping your Samsung device charged and directly connected to ethernet. The quick-release wall docks enable supervisors to easily grab the tablet and go mobile. Consider upgrading to a locking dock for theft deterrence and peace of mind.

✓ ADDITIONAL FEATURES

Low-Profile

GDS® Uni-Conn™ docks take up a small footprint on your wall, ensuring a clean and simple solution that elevates your docking solution to visually align with your business's aesthetic.

Magnetic & Mechanical

Enable your highly mobile supervisors to quickly grab the tablet with a magnetic attachment or opt for a mechanical attachment in fast-paced, rugged environments.
